

Training & Placement Cell

Overview:

The major functions of this Cell are organizing specialized training both in domain as well as soft skill area for corporate grooming of the students and to provide assistance for suitable placement in different corporates / industries.

Why recruit from CEMK:

The objective of Training & Placement Cell is to enhance employability of the students. Experts are engaged to impart training in the following major areas:

- Aptitude and Quantitative Skills
- Soft skill Developments
- Personality Development
- Group Discussions and Interview techniques
- Corporate Orientation
- Domain knowledge,

The above-mentioned value added training programme have influenced our placement scenario favourably in a significant manner.

Training & Placement Cell also organizes:

- Industrial Visits
- Workshops and Seminars
- Lecture sessions by industry experts
- GATE preparation

Placement :

Training & Placement Cell organizes recruitment of the students through **on-campus, off-campus and pool-campus interviews** by major recruiters.

Placement Process:

Generally the recruiters follow the following selection process for recruitment:

1. Power point presentation by the recruiter about the company.
2. Aptitude Test (mostly on-line)
3. Group Discussion
4. Technical Interview
5. HR Interview

However, the selection process differs according to the nature of industry.
